

# Steve Han

## React Developer

San Francisco, CA

[www.stevehan.dev](http://www.stevehan.dev)

[www.github.com/stevehanstudio](https://www.github.com/stevehanstudio)

[stevehanstudio@gmail.com](mailto:stevehanstudio@gmail.com)

## SUMMARY

Attention to details | Creative problem solver | Team player | Deadline driven

## SKILLS

Javascript, React, Gatsby.js, Node.js, React Native, Redux, HTML5, CSS3, Responsive design, GraphQL, Rest API, MySQL, MongoDB, Python, C, C++, Unix/Linux, Photoshop.

## PROJECTS

**SteveHanPhotography.com** <https://sleepy-austin-17d121.netlify.app/>

- Photography portfolio website built using React, Gatsby.js, GraphQL, and Cloudinary
- Fast and responsive user experience making use of Gatsby fluid and lazy loading for responsive and Cloudinary's srcSet image generations.

**Flashcard Mobile App** <https://github.com/stevehanphoto/mobile-flashcards>

- Developed Android and iOS flashcard app using React Native and Expo for Udacity React Nanodegree
- Implemented state management using useState, useReducer, and useContext hooks

**Would You Rather** <https://github.com/stevehanphoto/would-you-rather>

- Developed questions and answers web app for Udacity React Nanodegree
- Implemented state management using Redux and Redux middleware

**MyReads** <https://github.com/stevehanphoto/myreads>

- Developed web app for Udacity React Nanodegree
- Implemented using React, React Router, and PropTypes

**Blackjack Game** <https://github.com/stevehanphoto/blackjack-game>

- Developed web-based blackjack game using vanilla javascript, HTML, and CSS for Introduction to Javascript course at CCSF

## EDUCATION

Udacity

Certificate: [React Nanodegree](#)

Expected: May 2020

City College of San Francisco

Certificate: [Securing Web Applications](#)

Expected: May 2020

Certificate: [Web Application Programming](#)

December 2019 / 4.0 GPA

Certificate: [Javascript Specialist](#)

December 2019 / 4.0 GPA

San Jose State University, San Jose

*B.S. Computer Engineering*

August 1995

## EXPERIENCE

2001 - 2018

Steve Han Studio, SF - *Owner / Photographer / Sound Engineer / Web Design*

- Photography, video, audio editing.
- Designed website [www.dopaminevr.com](http://www.dopaminevr.com) using WordPress

2001 - 2014

Eventvibe.com, San Francisco - *Regional Manager / Photographer*

- Photography, digital marketing, and managed photographers.
